

The GCFA – Student Scholar Athlete Award

SUBMISSION FORM

Who is involved? Collier County High School coaches in every varsity sport, Communication & Information Office (Ryan Schwartz), Gulfcoast Foot & Ankle Center, Inc., Bank of Florida and Physicians Regional Healthcare Systems.

What is The Student Scholar Athlete Award? Each Collier County Public High School will have 2 male and 2 female scholar athletes selected each season. A presentation of a sports medal and certificate will be presented. Presentations will be at the schools, award dinners, and various locations from banks to hospital lobbies. If possible we would participate in the weekly 2 minute segment that airs numerous times on the Education Channel (cable 99) highlighting Collier County Public Schools male and female student-athletes. It may also be seen online at <http://www.collier.k12.fl.us/EdChannel/webisodes.htm>

When will this take place? Over the course of the school year (day 1 through 180); occurring on a seasonal basis, recessing during the 2-week Winter Break and weeklong Spring Break.

Why create this program? The purpose of Student Scholar Athlete Award is to recognize and encourage individual outstanding accomplishments both scholastically and on the field, court, pool or track by student-athletes (male and female) throughout all of **Collier County Public High Schools**. Also, it can be utilized by student-athletes as a part of a college entry “resume.” The program looks to provide greater exposure throughout the school district and local community to our student-athletes via numerous airings on the Education Channel, possibly in the student newspapers, Naples Daily News and other media outlets as deemed appropriate.

Timeline for Scholar Athlete Award

Several weeks into each season: Gulfcoast Foot & Ankle Center (GCFA) will e-mail coaches/Athletic Directors a reminder with deadlines, asking them to submit a nomination for scholar athlete(s) on their team they believe had the best performance and best grades from the current/previous season. The coaches will include: the athletes name, grade level, grades, statistics that the athlete compiled and comment on their leadership or community involvement. The approximate dates are November, February and Apr/May of each school year.

A committee will make a decision as to who the Student Scholar Athletes will be. A representative of GCFA will then e-mail the athletic directors to let them know which athlete was selected. At the presentation of the sports medal and certificate, photos of the athletes may be taken.

With permission of Gulfcoast Foot & Ankle Center, Bank of Florida, Physician’s Regional Healthcare System and CCPS, the segment may be aired on the Education Channel as well as online. Student Scholar Athlete Award may also air Monday and Tuesday of the following week until a new Scholar-Athlete is named.

Prior to the end of the school year a \$2,500.00 scholarship winner will be provided by each business partner and will be announced with the final presentation. Criteria for the scholarship will include GPA, FCAT scores, community activities, leadership skills and performance on the field. Only recipients of the Student Scholar Athlete Award will be eligible to the scholarship.
